Honey Bee Montessori. September 2021 Newsletter

The month of September marks the beginning of a new school year and we are excited to work with you and your child in the Daffodil classroom this year. It's going to be an exciting year full of growth, fun, learning, and lots of exploration. We are looking forward to a productive partnership with you to ensure that your child achieves their highest potential. We know that in order to be successful in school, the children need support from both parent and teachers.

The season will be changing soon, and we will discuss why the leaves change color and why the trees lose their leaves. We will also learn about the parts and life cycle of the tree (trunk, branches, leaves and roots), the different types of fruits which grows on trees, and the parts of a leaf (margin, stipule, petiole, veins and blade). The children will be doing art and science projects, which will encompass our fall theme.

This month, the children will be getting familiar with the classroom rules, learning about each other (All About Me), and talking about the "Character Counts/Character Education (Respect, Caring, Trustworthiness, Citizenship, Fairness and Leadership) and our community (school and neighborhood). The children will be making Peace Batons for "International Day of Peace" on September 21st. Lastly, our students will be getting familiar with their new surroundings, making new friends, and receiving new lessons.

In your child's best interest and for consistency, we would like to remind you to drop your child off at the same time every day. Please make sure that your child has an extra set of clothing, including underwear and socks in their cubby. Please write their names on all of their belongings with a permanent marker (including backpacks and water bottles). Here's to a great school year!

Thank you for your cooperation and continued support!

Consectatio Excellentiae!

From the team of Honey Bee Montessori.
